

## Double celebration for the United Kingdom Harbour Masters Association

Yesterday at Poole Harbour Commissioners' office, Bryn Phillips, Harbour Master at Padstow successfully passed his oral examination to be awarded his Harbour Master's Certificate in front of examiners Capt. Brian Murphy and Capt. Mike Johnson

*Congratulations to Bryn*

We are also pleased to announce the ground-breaking news that the United Kingdom Harbour Master's Certificate, managed by Liverpool John Moores University passed the rigorous audit by the Maritime and Coastguard Agency to become the first certificate to receive their recognition.

We would like to thank Helen Guest and Jonathan Warren from Liverpool John Moores University for all the work they have done during the audit process and certainly not forgetting our recently retired Executive Officer Peter Moth.
